Press Release for Unicorn Capital Partners, LLC

Unicorn Capital Partners, LLC is now accepting capital for Unicorn Macro Fund, LP and Unicorn Pairs Fund, LP (“the Funds”). For over 3 years, the Funds have been operating in Real-Time Proof-of-Concept to fine-tune their risk-management, money management and portfolio management based on their proprietary strategies. This holistic approach enables the Funds to deliver best-of-breed performance in their respective market sectors. Given the current low yield and low return investment environment, we provide much needed income for accredited investors.

Over the past 3 years, Unicorn Macro Fund has generated high returns with high volatility while Unicorn Pairs Fund has generated consistent returns with low volatility. The two combined provide high returns with moderate volatility. Given Unicorn Pairs Fund’s consistent returns with low volatility, Unicorn Capital Partners is guaranteeing a minimum 5% return, net-of-fees for the seed investors for one year.

Unicorn Macro Fund applies a global macro strategy by focusing on bonds, currencies and indexes of economies with advanced central banks, specifically Japan, Europe and the United States. The Fund relies on proprietary applied mathematics and strict risk & money management to optimize returns. This holistic approach to portfolio management has enabled the fund to achieve better than 40% returns in Real-Time Proof-of-Concept over the past 4 years ago. For detailed information, please visit www.unicornfunds.com/macro.

Unicorn Pairs Fund applies an equity long/short strategy by using its proprietary pairing coefficient to pair bullish and bearish stocks across different industries and sectors. Since starting Real-time Proof-of-Concept 3 years ago, the Fund has generated a better than 20% annualized returns, net-of-fees, without using any margin. The Fund has no lock-up period - except for the one year lock-up for the seed investors. For detailed information, please visit www.unicornfunds.com/pairs.

Thanks to SEC Rule 506(c), Unicorn Capital Partners is able to share information with the public and provide a safe and transparent investment environment for accredited investors. “It is always challenging to launch a new fund. In order to thrive in this already crowded industry, we must rise above the noise and excel at performance,” said Peter del Rio, the managing member of Unicorn Capital Partners, LLC.
